2021 MD-PhD Retreat

A scientific meeting organized
by the MD-PhD Commission UNIL/EPFL

November 11, 2020 - Lausanne

Ecole hôtelière de Lausanne (EHL),
Route de Cojonnex 18, 1000 Lausanne 25

INVITATION

The MD-PhD programme of UNIL/EPFL will organize its seventh retreat on Wednesday, November 11, 2021, at the Ecole hôtelière de Lausanne (EHL) in Lausanne. The annual retreat is a mandatory event and constitutes the minimal requirement for Swiss MD-PhD programme, as defined by the Swiss Academy of Medical Sciences (SAMS).

The retreat encourages MD-PhD students and candidates to present their work beyond their immediate research environment and provides an opportunity to meet with former students, thesis directors and faculty members involved in the Lausanne UNIL/EPFL MD-PhD programme.

Posters of all MD-PhD students will be presented and six posters will be selected for oral presentations. Awards will be given for the best presentation and the best poster.

This year, we also have the privilege of welcoming Prof. Ivan Stamenkovic, Prof. Tatiana Petrova, Prof. Lukas Neukomm and Dr Nadja Chevalier. They will share their experience in promoting science among doctoral and medical students as well as clinicians (full list of speakers on the fourth page).

Luncheon is offered. For organizational reasons we recommend that you register as soon as possible and confirm your presence for lunch by sending the attached form to: md-phd@unil.ch.

Registration deadline: October 15, 2021

We look forward to welcoming you.

Sincerely,

For the MD-PhD Commission UNIL/EPFL
Prof. Lucia Mazzolai
President

Metros and buses

At the Lausanne railway station, take the M2 metro line in the direction of Croisettes. Get off at the end of the line (Croisettes). Then take bus number 45 to the school. The journey from the railway station to the school takes around 30 minutes.

Taxies

Once you are in Lausanne, you can take a taxi to the school. Taxies wait in front of the railway station; the journey costs around CHF 35.-- and takes about 20 minutes.
