

International Workshop

27-28 October 2022 | Université de Lausanne

AGROBIODIVERSITY AND FOOD SYSTEMS: ENTANGLED QUESTIONS

Thu. 27th October

**AGROBIODIVERSITY EVOLUTION
SEED SYSTEMS, PARTICIPATORY PLANT BREEDING
AND SEED REGULATIONS**
Aula IDHEAP, UNIL

9:45 Welcome speech

10:00-11:00 Seed systems

Conny Almekinders (Wageningen University): *An introduction to seed systems and seed system research*
Marianna Fenzi (UNIL, EPFL): *Confronting climate change through seed networks in Mexico*

11:30-12:30 Agrobiodiversity conservation, use and development

Edith Lammerts van Bueren (Wageningen University): *Introduction to System Based Plant Breeding*
Eva Weltzien and Fred Rattunde (ICRISAT, University of Wisconsin-Madison): *Participatory plant breeding and farmers seed networks*

14:00-15:00 Seed policies for resilient seed systems

Monika Messmer (FiBL): *Farmer seed systems and the regulation in the EU*
Simon Degelo (SWISSAID): *When policy ignores reality – Observations on seed systems and seed policies in Africa from CROPS4HD project*

15:30-17:30 Workshops

Edith Lammerts, *Implementing systems-based breeding*
Conny Almekinders, *Qualitative and quantitative methods of seed system research*
Eva Weltzien and Fred Rattunde, *Setting breeding goals in participatory plant breeding programmes, considering gender*

17:30 Cocktail

Fri. 28th October

**FOOD SYSTEMS UNDER DIFFERENT LENSES:
SCIENCE AND TECHNOLOGY, GOVERNANCE
AND METABOLISM**
Amphipôle, room 340

9:30 Welcome speech

9:45-11:00 Construction of Agricultural Science and Alternative Knowledge

Brian Wynne (Lancaster University): *Controversies about agricultural «best practices»: how they are misunderstood and combined with unjust agriculture and trade*
Jean Foyer (CNRS, Paris): *Epistemological syncretism in biodynamic viticulture*

11:30-12:30 Food systems and metabolism

Fridolin Krausmann (University of Natural Resources and Life Sciences, Vienna): *A socio-ecological perspective on food regimes*
Eva Gelinsky (Semnar): *Food inequalities, governance of food and international trade*

14:00-15:00 Farmers and Agricultural Research

Angelika Hilbeck (ETH, Zurich): *Agroecological research with smallholder farmers in Tanzania. Experiences and outlook*
Dominic Glover (Institute of Development Studies, Brighton): *Affordances and agricultural technology*

15:00-16:00 Seed Activism

Karine Peschard (Geneva Academy): *Virtual Book Launch: Seed Activism: Patent Politics and Litigation in the Global South*
Alberto Silva and Joël Mützenberg (UNITERRE): *Peasants' rights and practices*

17:00 Keynote

Miguel Altieri (UC Berkeley): *How about agroecology: farming a world in polycrisis*

17:30 Official ending and dinner with wine tasting

Registration:
