Mass murder and mass shootings in America

Professor Chris Eskridge
School of Criminology, University of Nebraska

Abstract

This lecture examines the phenomena of mass murder and mass shootings in America. America is now experiencing nearly 2 mass shootings every day. Roughly 80% of all mass shootings outside of war zones occur in the United States. Several high-profile case studies will be reviewed.

About the speaker

Chris Eskridge currently serves as a Professor in the School of Criminology at the University of Nebraska, and as the Director of the American Society of Criminology.
