

From innate to adaptive immune response against pathogens

A Farewell symposium to Pr. Fabienne Tacchini-Cottier

June 21st, 2024

UNIL, Epalinges, Room B301, Switzerland

09:45 - 10:15 Pre-meeting, social time, coffee

10:15 - 10:20 **Sanjiv Luther** (UNIL, CH) – Welcome

10:20 - 10:30 **Margot Thome-Miazza** (deputy director DIB, UNIL) – Introduction

Chairs: Ivo Regli (Soleure Hospital, CH), Christoph Mueller (UNIBE, CH)

10:30 - 11:00 **Nancy Saravia** (CIDEIM, Colombia)

"Therapeutic response in human cutaneous leishmaniasis: Interdependence of parasite, host cell, and drug".

11:00 - 11:30 **Pascale Kropf** (Imperial College, UK)

"Leishmaniasis in Ethiopia"

11:30 - 12:00 **Daniela Finke** (UNIBAS, CH)

"Role of Type 3 Innate Lymphoid Cells for T cell Immunity"

Lunch break

Chairs: Borja Prat-Luri (EPFL, CH), Katiuska Passelli (CHUV, CH),

13:15 - 13:45 **Andreas Müller** (Otto-von-Guericke-Universität Magdeburg, DE)

"The good, the bad and the ugly: Divergent monocyte functions in the control of L. major infections"

13:45 - 14:15 **Tiffany Weinkopff** (University of Arkansas Medical School, US)

"Myeloid Cells Drive Lymphatic Remodeling during Cutaneous Leishmaniasis"

14:15 - 14:45 **Benjamin Hurrell** (University of South California, US)

"The role of iron on the development of type 2 airway inflammation"

Break

Chairs: Melanie Charmoy (UNIL, CH), Beat Imhof (UNIGE, CH)

15:15 - 15:45 **Werner Held** (UNIL, CH)

"Immunological memories: From the Sierra Nevada to CD8+ T cells"

15:45 - 16:15 **David Sacks** (NIAD, NIH, US)

"Localized type 2 circuitries maintaining dermis resident macrophages as a replicative niche for Leishmania"

16:15 **Fabienne Tacchini-Cottier** - Final remarks

16:30 - 18:30 Aperitif at « La Ferme », Epalinges

Organizers:

Sanjiv Luther, University of Lausanne

Christoph Mueller, University of Bern

Beat Imhof, University of Geneva

Registration mandatory @ Nathalie.ColinGarret@unil.ch DIB, UNIL
