Géopolis building, auditorium 2137
University of Lausanne, 1015 Lausanne

Centre of Comparative, European and International Law

CONFERENCE

CLIMATE CHANGE LITIGATION

In recent times, climate lawsuits have been brought across various jurisdictions and involved a range of different actors. This conference looks at the latest cases and developments and at the legal arguments from a comparative perspective. Speakers from Germany, the Netherlands, the United Kingdom, Italy, France, Poland, Austria and Switzerland will help identify the core issues of regional and global climate litigation. The cross-jurisdictional approach will give valuable insights into the current state of climate change law and litigation and allow a panel of Swiss speakers to address what the future holds from a Swiss perspective.

Coorganised with BIICL

CONFERENCE

CLIMATE CHANGE LITIGATION

21 May 2024 | 9h30 - 17h15 | Géopolis building | Auditorium 2137
